

20 Microns Records ₹953.83 Crore Revenue in FY2025–26

22 May 2026

20 Microns Limited reported consolidated revenue from operations of approximately ₹953.83 crore for FY2025–26, representing growth of 4.5% over the previous financial year. Consolidated profit after tax increased by approximately 6.7% during the year.

For the fourth quarter of FY2025–26, consolidated revenue from operations stood at approximately ₹261.06 crore, while consolidated profit after tax was approximately ₹17.59 crore.

The company continued to focus on capacity expansion, value-added products, operational efficiencies and deeper penetration of domestic and international markets. Its growth initiatives include investments in India, Malaysia, R&D and the Sievert joint venture.

The company has outlined a further ₹100 crore capital expenditure programme over two years covering capacity expansion, debottlenecking, mining enhancements, R&D, sustainability and technology-led process improvements.
