

20 Microns Expands International Presence with New China Step-Down Subsidiary

15 June 2026

20 Microns Limited expanded its international operating structure with the incorporation of Guizhou Twenty Microns International Trade Co., Ltd. in China as an overseas step-down subsidiary.

The company was incorporated on 3 June 2026, with 20 Microns Sdn. Bhd., a wholly owned subsidiary of 20 Microns Limited, serving as the holding company. The new entity has an initial subscribed capital of RMB 18,00,000, with 90% equity held by 20 Microns Sdn. Bhd.

The subsidiary's proposed activities include trading, import and export and allied activities relating to non-metallic minerals, metallic ores, mineral products, non-ferrous metals and related products.

The establishment of the entity is intended to support 20 Microns' international business development and strengthen its access to mineral and related markets in the region.
