

20 Microns Reports Q1 FY2026–27 Results

31 July 2026

20 Microns Limited reported its financial performance for the quarter ended 30 June 2026, continuing its focus on operational efficiency, value-added products and expansion across its mineral and specialty-materials businesses.

For Q1 FY2026–27, the company reported total income of approximately ₹244.72 crore, operating profit of approximately ₹27.04 crore and profit after tax of approximately ₹17.78 crore.

The company continued to progress its broader expansion initiatives, including capacity development, international operations, mining resources, R&D and value-added product opportunities.

The quarterly performance forms part of the company's ongoing efforts to strengthen its operating platform and support long-term growth across domestic and international markets.
